Keeping Parks Clean

Parks are popular places for families to relax on weekends. However, visitors sometimes leave plastic bags and empty cans behind. To solve this problem, some towns organize park cleanup events. Local people take part in such events, and by doing so they can make parks safer for children. Working together also gives people a chance to get to know others in their town.

Your story should begin with this sentence:
One day, Ken and his father were looking at a poster at home.
